Description

Advertise everywhere you go.

Ready to turn every drive into an opportunity? Whether you're a real estate agent, restaurant owner or contractor, you can make an impression with our thicker, stronger car magnets. Wind-tunnel tested substrate keep them firmly in place. And the matte finish and UV ink printing provide higher-quality, fade-resistant images.

Make the most of your magnets.

- Turn personal vehicles into instant advertisements, every time you drive
- Get seen more with a magnet on both sides – and maybe even the back
- Clean your magnets quickly and easily with mild soap and a washcloth

Think about your car color, and make sure your magnet stands out. The less text you use, the bigger and more visible you can make it. Make your contact info big and bold, so people can see it quickly

Application guide

1. First, clean your car surface with mild soap
2. Completely dry the spot where the magnet is going
3. Apply the magnet to an area with no bumps, curves or molding
4. Make sure there is no space air could get in. Especially the front two corners
5. To avoid car damage, clean and dry under the magnet daily
6. Remove the magnet for car washes, or if not in use
